

Povodom izbora akademika **Velimira Neidhardta**, potpredsjednika HAZU, za dopisnog člana Slovenske akademije znanosti i umjetnosti te izbora u počasno zvanje *professor emeritus* koje mu je nedavno dodijelio Senat Sveučilišta u Zagrebu, autor je počašćen objavom edicije video-predavanja iz kolegija 'Zgrade za rad i trgovinu' održanih na Arhitektonskom fakultetu Sveučilišta u Zagrebu. Riječ je o pionirskom pothvatu potpune video-digitalizacije nastavnog materijala popraćenog detaljnom elaboracijom edukativne građe. Velimir Neidhardt, korifej struke i projektant antologijskih djela hrvatske arhitekture, u 29 predavanja pregledno prezentira didaktičku građu o temama organizacije i oblikovanja radnih prostora u upravnim i administrativnim zgradama, industrijskim građevinama i kompleksima, robnim kućama, trgovačkim i višenamjenskim centrima... pripremanu tijekom 20 godina fakultetske profesure. Video-predavanja sa slobodnim pristupom postavljena su na web linku:

In order to mark the occasion of electing Acad. **Velimir Neidhardt**, vice-president of the Croatian Academy for Arts and Sciences, as the corresponding member of the Slovenian Academy of Arts and Sciences, and receiving the honorary title of *professor emeritus*, recently awarded by the Senate of the Zagreb University, the author was honored with the publication of a series of videos featuring his lectures for the course "Architecture for work and commerce", given at the Faculty of Architecture, Zagreb University. This is a pioneering endeavor of full digitalization of the teaching material, accompanied with a detailed elaboration of educational material. Through a series of 29 lectures, Velimir Neidhardt, the leading personality in the architectural profession and the author of some of the most remarkable works in Croatian architecture, gives an easy to understand presentation of a didactic material on the topics of workplace organization and design in administrative buildings, industrial buildings and complexes, department stores, shopping malls and multipurpose centers, prepared over the course of 20 years of his professorship. The lectures are available with a free access at this link:
