4th scientific meeting

QUATERNARY GEOLOGY IN CROATIA and SLOVENIA

in memory of J. W. Gregory, the geologist who has
in 1911 sailed along the eastern Adriatic coast
and 100 years ago, in 1915, published a paper about
his geological and geomorphological observations, and
also the first book on popularisation of geology

Zagreb, 25-26 March 2015

Library CASA
Strossmayer square 14
